AWS accounts
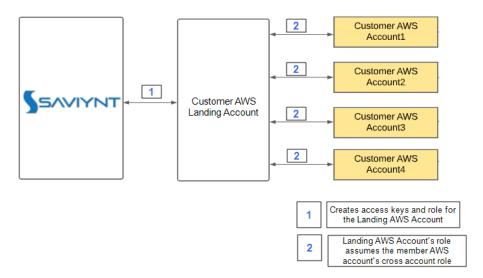

Add an AWS account

The accounts listed below are members of your organization. The organization's management account is responsible for paying the bills for all accounts in the organization. You can use the tools provided by AWS Organizations to centrally manage these accounts. **Learn more** ↗

1 request to create an AWS account has failed in the last 90 days.

Organization

Actions ▼

Organizational units (OUs) enable you to group several accounts together and administer them as a single unit instead of one at a time.

🔍 Search by name, email, account ID or OU ID.

☰ Hierarchy | **☰ List**

Organizational structure	Account created/joined date

After a connection between EIC and the AWS Landing Account (customer) is created, you create a connection between AWS Landing Account and Member AWS Accounts. For example, create a connection between AWS Landing Account and Customer AWS Account1, Customer AWS Account2, Customer AWS Account3, and Customer AWS Account4 separately.
